A Guidebook to Mechanism in Organic Chemistry by Peter ...

Guidebook to Mechanism in Organic Chemistry. By Peter Sykes. Review by Andrew (Chemistry) If ever there was a book that could reveal the intricacies and beauty of Organic Chemistry, Peter Sykes has surely provided us with it. Despite its aged appearance, Sykes offers a fresh perspective on Organic Chemistry, swaying away from mindlessly listing reactions without explanation or thought; the book reveals a richness that is sadly missed by the A Level Chemistry course.
