David Graddol: the man who saw the future of English | E L ...

it ever was, that English unifies all who speak it. These competing trends will give rise to a less predictable context within which the English language will be learned and used. There is, therefore, no way of precisely predicting the future of English since its spread and continued vitality is driven by such contradictory forces.

The Future of English?

Future of English? and English Next by David Graddol in 1997 and 2006 respectively. The Future of English? addressed the roles and importance of English in the world and made reasoned extrapolations as to its future developments. English Next drew attention to the speed of the change and considered the policy implications and impact of such a change.
