Cities Are Good for You: The Genius of the Metropolis: Leo ...

Cities are Good For You is a well-researched book with a thesis I'm sympathetic to (i.e. that cities are good for you). It has a really wide scope! I learned a bunch of interesting stuff about urban planning and this book made me question what a city even is (the definition of a city as a place with a cathedral is pretty wanting both globally and historically).

And above all, the unexpected reasons why living in the city can make us fitter, richer, smarter, greener, more creative - and, perhaps, even happier. Cities Are Good for You introduces dreamers, planners, revolutionaries, writers, scientists, architects, slum-dwellers and emperors. It is shaped by the idea that cities are the greatest social experiment in human history, built for people, and by the people.
