Developmentally Appropriate Practice (DAP) Position ...

The National Association for the Education of Young Children was the front runner in the development of developmentally appropriate practices. They now have these practices developed for infants and toddlers, preschoolers, and kindergartners. The concept of developmental appropriateness has three dimensions: age appropriateness, individual appropriateness and cultural appropriateness.

Early Childhood: Developmentally Appropriate Practices ...

• Provide consistent caregivers to allow the child to feel secure and form trusting relationships with adults. • Protect the youngest infants from the more active play of older infants and toddlers. • Provide plenty of room to crawl and explore. Avoid leaving babies in swings, seats, or Exersaucers.

Planning a Developmentally Appropriate Program for Children

Developmentally appropriate practice requires that teachers make decisions daily based on their knowledge of child development, taking into consideration individual learning differences and social and cultural influences. A simple definition of developmentally appropriate practices would be a setting and curriculum that meets the cognitive, emotional, and physical needs of children based on child development theories and observations of children's individual strengths and weaknesses.
