Book Review - Excel VBA: for Non-Programmers (Programming in Everyday Language) Posted on November 13, 2014 by Vitosh Posted in Review. The current article reviews a VBA book for MS Excel. First things first - I am not sure what should be done to pursue the non-IT people, that VBA is not something difficult and every hour you spend, trying to master it would pay out by saving 20 others, pressing ctrl +arrows and copying endless ranges in Excel.
