Whether your passion is wildlife, nature, macro or landscape photography, First Light offers instructional photo workshops to many top spots in the United States and other countries including the Falkland Islands, Iceland and France with more destinations being added every year.

First Light Photography Workshops

Ideally, the Fovitec is best used for portraits, art and product photography since the medium-sized softbox and two lights are arguably the bare minimum for a professional-grade setup. The five-socket head is a powerful source of artificial light and with another softbox added to it (plus the 5-inch boom arm), the result is a great lighting ...

The 3 Best Studio Light Kits for Photographers in 2020

Shop lights embody the traditional look of a garage, a single bar of light fixture, usually hanging by a chain assembly (though they can be ceiling-mounted). Most of these easy-to-install fixtures just plug in to an outlet, whether you choose LED shop lights or the traditional fluorescent type, they are a quick, inexpensive way to get your ...
