Long-range surveillance units provide the corps with a dedicated company and the division with a dedicated detachment. These units are specially trained and equipped to collect human intelligence about forces deep in the enemy's rear. LRS units are part of the overall intelligence collection process.

LONG-RANGE Fm 3 SURVEILLANCE UNIT OPERATIONS

Long Range

Surveillance units, or units with similar type missions, have been deployed during most major US combat operations since their inception, during the early eighties. The 82nd Airborne Division's 2/17 Cavalry deployed a Long Range Surveillance type unit,
