Love A History Simon May

At the outset of Love: A History, Kings College Professor of Philosophy Simon May states that he has three principal aims: (1) to show how love has become a surrogate for God in the modern era, (2) to outline the illusions of this substitution, particularly the idea that love is unconditional, and (3) to propose a new way of thinking about love unburdened by these illusions (p. 13).

Love: A History: May, Simon: 9780300187748: Amazon.com: Books

In LOVE: A HISTORY, Simon May chronicles the evolution of Love through the ages, from the Hebrew scriptures to the works of well-known philosophers that have influenced and permeated pop culture. He shows the complex tapestry of Love with all its contradictions as the work of many minds over several thousand years and that in the end it's always up to us to come up with our own definitions.

[eBooks] Love A History Simon May

Simon May is not the first to say that love is our new religion, or to chart the history of changing concepts of love, but his is more than a history, and more than an analysis, of love; it is a polemic. He urges us to redefine and re-evaluate love, which, he says, we have got hopelessly wrong.

Love: A History | Times Higher Education (THE)

Love-unconditional, selfless, unchanging, sincere, and totally accepting-is worshipped today as the West's only universal religion. To challenge it is one of our few remaining taboos. In this pathbreaking and superbly written book, philosopher Simon May does just that, dissecting our resilient ruling ideas of love and showing how they are the product of a long and powerful cultural heritage.

Love : A History by Simon May

Tracing over 2,500 years of human thought and history, May shows how our ideal of love developed from its Hebraic and Greek origins alongside Christianity until, during the last two centuries, "God is love" became "love is God"—so hubristic, so escapist, so untruthful to the real nature of love, that it has booby-trapped relationships everywhere with deluded expectations.
