E.F. Schumacher was an economist. And he wrote Small Is Beautiful to talk about the economic problems we have in the world. this book was published back in the late '70s, and it has been updated more recently, the basic idea of Small is Beautiful is that our economies in the world are big, big businesses, have become too big.

Small Is Beautiful: Economics as if People Mattered by ...
Small Is Beautiful: Economics as if People Mattered is a political nonfiction book by Ernst F. Schumacher. Published in 1973 by Harper, the book centers on the premise that economics should serve us, the people, as opposed to the other way around. The book has been very well received for its unique take on politics and environmentalism.
