Brenda Rothert has proven AGAIN why she is one of the up and coming authors in the romance genre. Unspoken has everything a good book is supposed to have. This is no fairytale. Palmer and Brady had to fight, work, and fight some more for their love story.

Unspoken on Apple Books

Unspoken is a tale of love, family, beginnings, endings, second chances and the power of words both said and unsaid. It is by far and away one of the most true to life, touching novels I've ever read. Palmer and Brady's story is told in alternating POV's, a format that I love. The story flows well and kept me engaged from beginning to end.
